

How to use these templates

Each template is on its own 6 x 9 inch page. Keep the one that fits your book and delete the others and this page.

Replace every highlighted [bracket] with your details, then remove the highlight (Home > Text Highlight Color > No Color). Delete any line that does not apply.

Different trim size? Change Layout > Size to your KDP trim size, and check the margins KDP asks for at your page count.

The copyright page goes on the back of the title page (the first left-hand page after it), with no page number or header.
